General Instructions

Purpose of form

Form ET-501 is used by a trustee to calculate and report the tax due from certain trust terminations that are subject to the generation-skipping transfer tax.

Who must file

In general, the trustee of any trust that has a taxable termination after May 25, 1990, must file Form ET-501.

When to file

The generation-skipping transfer tax on terminations is computed and filed on a calendar year basis. You must file Form ET-501 on or after January 1, but not later than April 15 of the year following the calendar year in which the termination was made.

Extension of time to file

If you know that you cannot meet the filing deadline, request an extension of time by writing to the following address:

NYS Tax Department
TTTB - Estate Tax Section

The time to file will be automatically extended four months if the letter is sent by April 15. **Note:** Filing an extension does not extend the time for payment of tax. See *Payment of tax* on the back page.
